

SCHOOL TRAFFIC SAFETY

If you drive your children to and from school, it is very important that you follow the traffic safety plan listed below.

- **Share rides** with other families to reduce the number of cars around school.
- **Leave a few minutes early** and allow plenty of time before drop-off and pick-up times. Give your children money, school papers, and hugs and kisses before they get to school.
- **Use the school's circulation plan** and designated drop-off and pick-up areas.
- **Do not park in red zones.** Park legally, even if it's farther away from the school grounds.
- **Drop off/pick up your children at safe locations.** Do not choose a place where your children must cross through traffic. If they do need to cross a street, have your children use the intersections or crosswalks with crossing guards.
- **Do not make U-turns** near the school.
- **Obey all traffic signs and school crossing guards.**

Be courteous to the neighbors

- Drive slowly (25 mph in school zones and on residential streets)
- Do not block or park in private driveways
- Do not leave trash or move trash cans
- Always be polite to other drivers and children
- Teach your children to respect the neighborhood's private property
